Part No:

# Dust Caps

## 1.0mm Dust Caps - Male & Female Configurations

| Part Number | Configuration | Photo |
|---|---|---|
| 1.0MM-DC-F | Female |  |
| 1.0MM-DC-M | Male | Coming Soon |

### Material

- Body Female — Tin-Zinc-Copper Alloy over Copper plated Brass
- Body & Shell Male — Tin-Zinc-Copper Alloy over Copper plated Brass
- Retaining Ring — Tin-Zinc-Copper Alloy over Copper plated BeCu

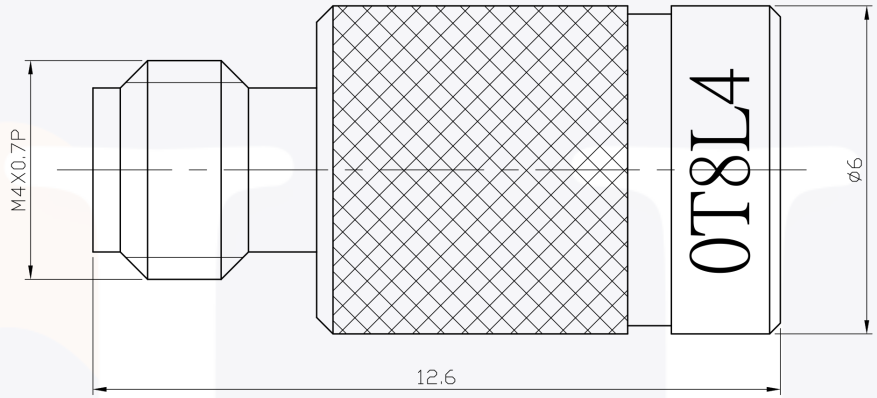

HASCO 1.0mm RF dust caps help protect precision connector interfaces from dust, debris, and accidental contact during storage, handling, and transport. Keeping unused connectors covered helps preserve mating surfaces and reduce contamination that can affect connection repeatability and RF performance. Use dust caps on exposed cable ends and equipment ports whenever connectors are disconnected.
